We have listed both the people we need to kick out and the candidates for A Better America, in alphabetical order. Please look to see if your incumbent is on the kick out list, then please help yourself and America by voting against him or her. We compared representatives to how Rep. Barbara Boxer voted, before placing them on our "Kick Out The Bums List" As, she is the epitomy of all that is wrong with our House Of Representatives (Congress).

- These California House Members are the bums you should vote against.
- They voted to exempt themselves from the same civil rights laws they mandated for businesses.
- They would not vote to restrict their "franking privilige", taxpayer funded junk mail.
- They voted to use your tax dollars and government lawyers to fight congressional term limit measures in the states.
- They would not vote to block another tax increase.
- They voted against the Balanced Budget Amendment. They would rather continue to put the United States on the same track as the former Soviet Union into bankruptcy. Who will then bail us out?

In the Assembly we have politicians who are these Congressmen in the making. California, is a wreck because of these special interest group, Tax and Spend politicians. We have term limits in Califorina, but our state can't wait that long. **KICK THE BUMS OUT!**
